

PROFILE

Motivated Full Stack Developer with hands-on experience in building responsive, database-driven web applications using Java (Servlets/JSP/Spring Boot) and MySQL. Skilled in modern frontend technologies including HTML5, CSS3, JavaScript, and Bootstrap, and experienced in implementing MVC architecture and JDBC for seamless backend integration. Strong problem-solving skills and a passion for delivering high-quality, user-friendly software solutions in collaborative environments.

WORK EXPERIENCE

- **Software Engineer Intern | Sunshine Creative Labs** *Jan 2023 – March 2023, Hyderabad, India*
 - Developed a web-based Student Management System using Java (Servlets/JSP/Spring Boot) and MySQL, implementing essential CRUD operations and a dynamic search feature.
 - Designed and integrated a responsive frontend with HTML, CSS, and JavaScript, ensuring an intuitive user experience
 - Applied MVC architecture principles and JDBC for database connectivity, gaining hands-on experience in building full-stack Java applications.

PROJECTS

- **Student Management System (Web-based)** *April 2025 – May 2025*
 - A simple yet effective web-based student management system that allows users to manage student data, including adding, updating, deleting, and viewing student details. The application also provides search functionality and basic data validation.
 - **Key Features:** User-friendly web interface to interact with the application (HTML, CSS, JavaScript). Backend built with Java (Servlets/JSP/Spring Boot, depending on your comfort level). CRUD operations: Create, Read, Update, Delete student records. MySQL database to store student details (student ID, name, course, email, etc.). Search functionality to filter students by name, ID, or course. Basic input validation on both frontend and backend.

EDUCATION

- **Bachelor of Technology in Computer Science** | Tirumala Engineering College | 2023 – ongoing | 82%

TECHNICAL SKILLS

- **Languages:** Java
- **Web:** HTML5, CSS, JavaScript
- **Databases:** MySQL
- **Tools:** Git, Visual Studio, IntelliJ IDEA

CERTIFICATES

- NPTEL Java Programming
- AWS Certified Developer - Associate - Prep Course By Infosys SpringBoard
- The Complete Web Development Training Courses | Web Design Courses By Infosys SpringBoard

SOFT SKILLS

- Excellent communication and teamwork abilities
- Detail-oriented with a proactive mindset
- Eager to learn and adapt to new technologies
